

# THE BEACH CITIES VOTER

The League of Women Voters of the Beach Cities

Serving El Segundo, Hawthorne, Hermosa Beach, Inglewood, Manhattan Beach, and Redondo Beach

## EDUCATION STUDY EXTENDED BY POPULAR DEMAND

Our League Education Consensus meetings have been so well received that we have decided to schedule an unprecedented third meeting on this study.

Topics to be discussed include:

- \* Should governance be more centralized?
- \* Is student assessment helping improve the quality of education and student learning?
- \* A goal of the California Master Plan for Education is to have every child enter school ready to learn. Is this a worthy goal?

At our November meeting, we discussed background information on the consensus questions on "Equitable Access to Quality Education". This included information on the fact that California ranks #1 in the United States in teacher salaries, and in per pupil funding it is 27<sup>th</sup>. And our schools are 48<sup>th</sup> in administrators per pupil, 49<sup>th</sup> in pupils per teacher, and last in numbers of librarians and guidance counselors. In addition, we discussed the recent court rulings which require the state to improve conditions and funding for lowest schools and moves toward reducing school sizes as in charter schools. We reviewed current efforts to provide

universal access to voluntary preschool and the educational benefits to children who attend pre-kindergarten programs.

We hope you will join us to voice your thoughts on this vital subject!

-Harriet Chase, LWVBC Education Committee

### Hello Beach Voters!

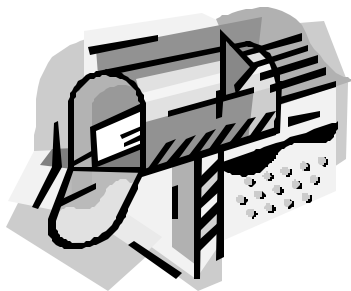

In between the fall and spring election seasons and in and around the holiday season, we have a window of opportunity to welcome new members, prepare our programs (Education Study wrap-up, an informational meeting on a pending commercial development and a town hall meeting on foster care), and raise funds - which is not our favorite activity... The typical Leaguer gets a bit shy and uncomfortable when asking for money, and would much rather spend his or her energy on voters service or working the issues.

We worked hard at the Old Hometown Fair, selling brownies and krispie kritters - and raised \$1,390! Our second major fundraiser - the "Non-Event" - is an appeal letter to our members that will be mailed later this month. Those of you who participated in the past may recall how easy this is - instead of the traditional fund-raiser that demands lots of time and energy, our Non-Event enables you to celebrate in your own way - at home or out on the town, alone or with friends. All you have to do is write a check for any amount you care to contribute. And that means that we can go on and devote our energy to finishing up our Ed Study and gearing up for the upcoming spring elections.

So we again invite you to join in our Non-Event - look for our letter which will be mailed out on January 17<sup>th</sup>. And look for the League of Women Voters as the elections draw near! We'll be busy with our candidates forums and voter outreach.

And thank you for your support!

-Wendy

**Plaza El Segundo Development  
Set As February Discussion Topic**

Remember the huge bright yellow pile of sulphur that used to grace the northeast corner of Rosecrans and Sepulveda? Remember the sulphuric acid smell it gave off on a misty night?

The sulphur pile is long gone and so are the aging industrial chemical manufacturing facilities behind the chain-link fence, replaced by a huge depression where soil was removed to remediate contamination. Coming soon on 43-acres of the re-zoned 86-acre site: Plaza El Segundo, a 425,000 square foot landscaped shopping center with a variety of restaurants and retail tenants that may include Borders, Whole Foods, and Cost Plus World Market .

The City of El Segundo anticipates receiving \$2 million per year in new tax revenue from the project, plus amounts the developer is willing to commit to improve roadways and mitigate traffic and air impacts. To compensate for adverse impacts that can not be mitigated, the developer has offered a \$1 million contribution to the Wiseburn and El Segundo School Districts, another \$1.5 million contribution for upgrades to the City's aquatic facility, and a \$250,000 contribution to promote downtown El Segundo.

Opposition to the project centers on traffic issues, particularly impacts on the congested

Rosecrans artery and Sepulveda Blvd. The City of Manhattan Beach has voiced concern about increased congestion on its roadways and intersections, with talk of legal action if problems are not addressed.

At the El Segundo Planning Commission meeting on Wednesday, December 15, attorneys for Manhattan Beach asked the Commission to delay action on the matter until responses had been provided to all public comments on the Environmental Impact Report. After El Segundo's city attorney opined that such delay was not legally required, and El Segundo planning staff reported that Manhattan Beach is engaged in ongoing discussions with the developer about its concerns, the El Segundo Planning Commission proceeded to recommend approval of the Plaza El Segundo project by the City Council, possibly as soon as its next meeting on January 18.

The presentation on the Plaza El Segundo project originally scheduled for our January membership meeting has been postponed until February 28 to provide additional time to reach consensus on the Education Update. At the February meeting we hope to look at the project in the wider context of regional land use and transportation planning.

We hope you will decide to join us for this lively discussion!

-Henrietta E. Mosley, LWWBC Co-President
